To whom it may concern,

I served as Yarelis Martinez's direct manager for three years while she worked at WCA USA Ltd. Throughout her time at WCA I had the pleasure of directing Yarelis's day-to-day activities as she worked as part of our marketing team.

Yarelis is an incredibly talented graphic designer who exhibits great attention to detail and has a strong understanding of brand standards. Yarelis is the type of employee whom you don't have to micromanage. She submits exceptional work on-time, every-time.

I would recommend Yarelis to anyone who is seeking a loyal, and above all, talented graphic artist. She has the capability of elevating any brand to the next visual level and would be an asset to any marketing team seeking a professional designer.

In conclusion, managing Yarelis has been an absolute pleasure. She exceeds expectations and tackles each project with enthusiasm and precision!

Sincerely,

Kaitlyn Mode

RE: Recommendation of Yarelis Fuentes Martinez

To Whom It May Concern:

I have known and worked with Yarelis and her teammates in a professional capacity for nearly four years. Yarelis handled all of our company's graphic design used in digital marketing, social media, printed deliverables, website, advertising, branding, and trade show displays. We love her work!

Yarelis is creative, she listens well and quickly adapts to the client's taste and wishes. She consistently meets deadlines and operates within budget guidelines. We found her in all ways to be most professional, capable and a true pleasure to work with.

For more information about Yarelis, please feel free to call me directly on my cell or by email.

Greg
